

## UNION MEN 'OUTLAW' LATEST RAIL STRIKE

Brotherhood Official De-  
nounces Freight Walkout  
as Unauthorized.

PHILADELPHIA, June 19.—The strike movement among yardmen on the Pennsylvania and the Philadelphia and Reading railroads that started early Friday night is another "outlaw" movement similar to that of two months ago, according to officials of the brotherhood.

The Brotherhood of Railroad Trainmen has not sanctioned a strike of its men and will not sanction a strike until it is determined that we cannot hope to negotiate a favorable settlement with existing agencies set up to adjust matters of dispute between ourselves and the company, said a letter signed by C. E. Nisser, chairman of the grievance committee, which was sent to all members today.

While some of the idle trainmen, who declare they "are not striking, but taking a vacation," estimate the number of strikers at upward of four thousand and say there will be more off their jobs to-morrow, officials of the two companies most affected say there are hardly five hundred of both companies out.

According to a statement given out by the Pennsylvania early 10-day approxi-

## Five Striking Switchmen of 31 Indicted Are Guilty

LOS ANGELES, June 19.—Five guilty, fourteen not guilty and a disagreement on twelve was the report returned to-day by the jury hearing the case of thirty-one railroad men tried in the United States District Court here on charges of violation of the Lever act through alleged participation in the switchmen's strike last April.

imately 117 employees already are idle, but service on that road was little disrupted. Trouble was experienced in only two localities. In the Greenwich district the trainmen of all crews, twenty in number, had failed to show up for their shift. In the Fifty-second street district three crews and twenty car droppers refused to work.

Every effort will be made to keep service intact on the Reading, which road is the hardest hit. It is estimated that upward of 300 men of that line are striking. Passenger and freight schedules, however, have not been touched as yet, and special excursions to Harrisburg and the shore will not be canceled. The Reading and the Atlantic City railroads will be heavily burdened Sunday transporting the thousands of visiting Rotarians going to Atlantic City to take part in the annual convention, but no interruption in the company's plans for the visitors will be made.

There has been no loss or service on either of the roads, but an embargo upon freight shipments east of Philadelphia was placed by the Baltimore and Ohio road.

## Cotton Lengths
